

How To Make a Bug Hotel at Home!

What You Will Need:

- 1 Empty Loo Roll
- A selection of Sticks, Twigs and a few Leaves
- Scissors/Secateurs

1.

Gather together your natural material and empty loo roll tube.

2.

Bunch together the sticks/twigs and leaves making sure there is a variety of different kinds and widths.

3.

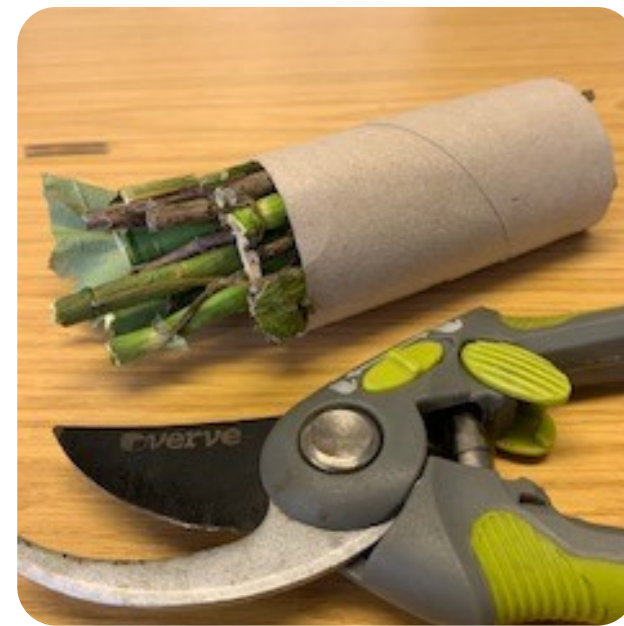

Take your bunch and insert it into the empty loo roll.

4.

Position the sticks in the order that you would like them to be.

5.

Carefully cut the ends of the sticks off so that they fit neatly inside the tube.

6.

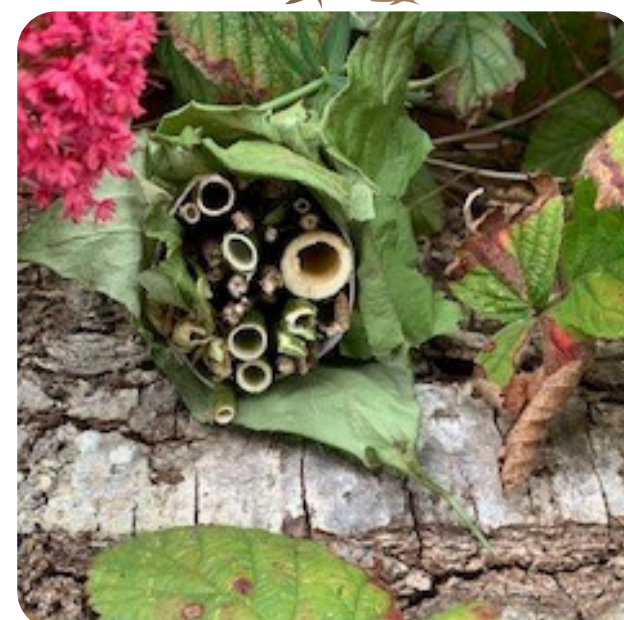

You now have your bug hotel!

7.

Decorate your bug hotel however you want! You could stick left over leaves on it or colour it in.

8.

Place your bug hotel outside and let the bugs enjoy their new home!
